- Flooding of a few homes and businesses is possible

### Further details

A band of rain will arrive in the early hours of Tuesday morning. Rain will be persistent and heavy at times with 15-25mm falling quite widely, while the wettest spots could see 30-40 mm of rain. Given recent wet weather and saturated ground, some disruption from flooding is likely. Rain will clear to scattered showers by late morning.

Give yourself the best chance of avoiding delays by checking road conditions if driving, or bus and train timetables, amending your travel plans if necessary.
